

ACTIVATED SYSTEM

If you purchased a KARR Security system from your dealer, you have an activated system.

Firmware Update

www.KARRsecurity.com

Follow these simple steps to perform your firmware update:

1. Go to your vehicle and sit at the driver's side of the vehicle.
2. Open the KARR Security App and login.
3. Connect to the KARR Security App and select your vehicle.
4. Tap the "Setting button" from the bottom right corner of the App page.
5. Scroll to the Check for Updates option and tap it.
6. Follow the in-app instructions to perform the firmware update.
7. If your device is already on the latest firmware, a prompt will let you know you're finished.
8. Once completed no further action is necessary.
